1999 Future Search Conference

2020 Vision for Valley Road A future search conference

FRI 19OCT 6:00pm-10:00pm

SAT 20OCT 9:00am-4:30pm

This is a working conference to pull together the best ideas from community. The links below are resources to help you begin thinking about some of the issues before the conference. Many other sources are available—follow your own individual interests.

- Valley Road Element of current (1996) Master Plan
<http://www.longhillnj.us/departments/planzone/ValleyRoadElement1995.pdf>
- Rutgers study of Valley Road: *Regenerating Long Hill Township*
<http://www.longhillnj.us/departments/planzone/RutgersLHT2007.pdf>
- Historical Element of Master Plan (proposed)
http://www.longhillnj.us/history/LHTHAC_06-05-19Draft10840F.pdf
- ANJEC Grant Proposal: *Bringing Smart Growth to Long Hill Township*
<http://www.longhillnj.us/boards/envirodocs/ANJEC-Proposal2007.pdf>
- NEMO site. See how towns in Connecticut have used Best Management Practices to create aesthetically pleasing environments that reduce stormwater problems.
http://nemo.uconn.edu/successes/muni_successes.htm
- Project for Public Spaces site. See how innovative planning has been used to create downtown environments that are pleasant and flourishing destinations.
<http://www.pps.org/downtowns/>
- U.S. Green Building Council site. Learn about environmentally friendly designs.
<http://www.usgbc.org/DisplayPage.aspx?CategoryID=19>
- ANJEC site. Learn about sustainable communities.
<http://www.usgbc.org/DisplayPage.aspx?CategoryID=19>
- NJDEP site. Learn about environmentally sustainable communities.
<http://www.state.nj.us/dep/dsr/bscit/howtobecome-esc.pdf>
- Smart Growth site. Learn the basic concepts of smart growth.
<http://www.smartgrowth.org/>
- State of Delaware. An encyclopedia of stormwater management practices. More than you want to know, but browse through it to find some interesting examples:
http://www.dnrec.state.de.us/DNREC2000/Divisions/Soil/Stormwater/New/Delaware_CD_Manual.pdf
- Learn more about streetscapes. Some good Before and After images.
<http://www.vtpi.org/tdm/tdm122.htm>
- Context Sensitive Design – Building better streets and infrastructure
<http://www.contextsensitivesolutions.org/>
